NOTICE TO AUTO OWNERS

Owing to the fact that the new auto license plates were late in arriving here, not giving car owners ample time in which to obtain them, I am extending the time to January 15th.

After that date I shall expect that every car upon our streets be equipped with a 1926 license.

ANNUAL NEW YEAR CHARITY BALL

Once again the Charity ball has played its part in the social life of Grayling and passed on to be remembered as one of the delightful festive occasions of the holiday season.

The ball was held as usual on New Year's eve. The High School gymnasium as usual was beautifully decorated for the big event and was brilliant with small Christmas trees trimmed with poinsettias and tinsel. These trees had been placed in bright red paper boxes which added to their attractiveness. The orchestra platform was also surrounded with the sparkling trees. In the center were suspended three New Year bells tied with a huge red bow and held in place by strings of tinsel. All the windows had red crepe paper curtains, which gave a homelike appearance. Two beautiful signs completed the decoration; these had been placed at the entrance ends of the gymnasium just under the balcony. One read "Mercy Hospital" while the other said "Happy New Year to you". Mrs. H. A. Bauman was chairman of the decorations.

At nine o'clock Schram's Orchestra started the ball with a peppy fox-trot and soon the floor was filled with dancers. At eleven o'clock a very pleasing program was given. The first number was a dance by six little jesters dressed in the red and green court jester's costumes with bells. The duet of the dance was given by Jane Keyport and Betty Welsh and was so well given that it was followed by a round of applause. The dance was most gracefully given by every one of the little girls and Miss Cavanaugh under whom the young men were trained received many compliments for its success. The little dancers were Jane Keyport, Betty Welsh, Gail Welsh, Joyce Smith, Lois McConnell and Elaine Reagan.

A men's quartet composed of Mr. Webb, Mr. Alexander, Mr. Hughes and Mr. Mason sang a couple of numbers which were well received. Mrs. G. G. Clippert accompanied with the piano and sang with the gentlemen in the last song. Mrs. Robert Reagan had charge of the program.

Lunch was served in the domestic science department which had been made attractive for the occasion. Mrs. Louis Kessler was chairman of this committee.

The party lasted until the wee hours of the New Year which speaks for its success, as the dancers were reluctant to depart.

Mrs. Louis Herbison, president of the Hospital Aid Society was general chairman of the party and it was through her efforts that the affair was so well carried out. The receipts will net the Hospital around \$150.00.

Farm Bureau Notes

R. D. BAILEY County Agent

They Have Gone!

Two of our enterprising women have gone to our Agricultural College, and began work on Monday, Jan. 4th, in the Short Course in Poultry, which course continues for four weeks.

These ladies are Mrs. H. A. MacMillan, formerly Miss Alta Sherman, who, with her husband, mother, and little daughter have taken a furnished house in East Lansing.

(2) Miss Ruth Heideman, who left Sunday night for the College, and will be met at the train by Mrs. MacMillan.

Great Satisfaction

It is a great satisfaction to the writer to be able to chronicle the going of these two ladies to the college. It makes us feel that our efforts have not been in vain.

Highly Profitable

We predict that the time and money invested in this preparing, in this intelligent way, for larger and better management of a poultry business, will be repaid many times in the next few years.

Circles in the Water

As a stone thrown in the water,

causes a series of rings, ever growing wider and wider, so the departure of two of our citizens for our Agricultural College has endless possibilities. No one knows how many others may yet be influenced by their example and persuasion to do the same, and these persons, so influenced, will influence others—an ever widening circle of improvement.

Hope to Persuade Them

We hope to be able to persuade Mr. and Mrs. MacMillan, and Mrs. Sherman, and Miss Heideman to remain for Farmers' Week, which great event immediately follows the close of the Poultry Short Course.

Gone! Gone! Gone!

The fine purebred Holstein young bull of which we recently wrote, as belonging to Andrew Mortenson, of Beechwood Farm, is gone—grabbed up quickly by Charles Malone and wife, caretakers of Red Dog club, out from Lovells.

33—Thirty Three—33

This makes 33 registered purebred bulls that the County Agent has had a hand in placing in Crawford county. These with 15 purebred cows, heifers and calves will have a great and beneficial influence on the stock of the county.

Let the Good Work Go On!

Returning Roll In Mr. and Mrs. Hugo Schrieber, Jr., of "The Evergreens," South Branch township, report the arrival of a purebred Holstein heifer calf, which they will promptly register.

If the roads permitted, the County Agent would drive clear down there, just to see the new arrival. We feel a deep interest in such events, as they mean so much to our farmers. Who will report the next?

HAD WATCH NIGHT SERVICE AT MICHELSON MEMORIAL CHURCH

New Year's Eve was fittingly observed at the Michelson Memorial church with a Watch Night service. The service started at nine o'clock with a recreational hour in which everyone present had a very enjoyable time. At ten o'clock three reels of industrial and educational films were shown followed by a delightful lunch served by the young men present. At eleven o'clock the devotional hour started and was carried through the rest of the old year and ushered in the new. A large number were present at this service and felt that it was a most enjoyable as well as an inspirational gathering. The message delivered by Rev. Baughn during the devotional hour was very much appreciated by all present.

SUMMER VISITORS CAUSE REALITY ACTIVITY.

Tom H. Fuller, editor of the Cheboygan Daily Tribune, in the issue of December 29, discussing the tourist and resort industry as it affects that section, says: "During the past year more property changed hands than in the previous quarter of a century. Numerous resorts have been platted and will be on the market this year and the tide will set in during the summer making this the great playground of the summer tourist, the same as has been done in Southern California and Florida as winter resorts."

Agent has these to give to those who apply.

Having one, you can tell at what minute, and just what date to tune in for your favorite subject.

The course of talks is something that will not be found duplicated elsewhere in Michigan.

The Agricultural College broadcasting station W K A R has been doubled in strength.

FREDERIC ITEMS.

Supervisor Goshorn is ready and on the job to clean up all the disputes on chickenpox. It was especially proven out in the Badder family.

Rev. Crandall and Supt. Payne remembered the needy people of our vicinity at Christmas time in a manner in which it was never done before.

John Ensign, foreman of the Albert Lewis camps, has reported first class logs, which are being inspected by C. S. Barber.

Rev. Crandall is conducting fine services here, but did not fail to notice the absence of those that supported him during the quarterly meeting.

Albert Lewis purchased a fine Shetland pony at Christmas time which is being enjoyed by our small Frederic boys. Ask Freeman.

The resignation of Mrs. McCracken was accepted by the ladies of the M. P. Ladies Aid. Her place is being filled by Mrs. Erve Roe.

C. Badder's family enjoyed the Xmas program.

Mrs. Crandall sang one of the most beautiful hymns at the M. P. church that has ever been sung here before. We all love to hear her sing on Sunday evening. Everybody is welcome at the M. P. church.

We find the M. P. church bell can ring the longest and the loudest on New Year Eve, which proves that many hands make light work.

New Year Club Party
The Social Club of Frederic gave one of the most enjoyable and best attended New Year parties ever given in Frederic. It could not help be noticed what a fine, clean all-American party was there.

The banquet hall was beautifully decorated and all the tables so laden with good things to eat that the table legs creaked. There were about 200 present, including some from Grayling and Maple Forest.

After the banquet a fine program was put on. Games were played and all joined in singing as the bells rang the Old Year out and the New Year in.

Edward V. Barber of Chicago Heights and brothers Elmer of De-

troit and Elton and his friend A. Lancaster of Flint were the guests at the home of Mr. and Mrs. C. S. Barber over the holidays.

Miss Leota Welsh has returned to her school after spending her vacation at Grand Rapids.

Mrs. Geo. Sheldon is able to be out and around again.

Mrs. Chas. Horton fell Sunday, receiving serious injuries.

Barbara Apps is now employed at the Burke Hotel.

Misses Edna and Dollie Nelson, returned from their vacation with their parents Mr. and Mrs. Albert Nelson at Waters.

Misses Esther and Evelina Barber have returned from a few days visit at the home of Mr. and Mrs. S. G. Nicholls at Gaylord.

The Willing Workers Sunday school class met at the home of Misses E. M. and E. V. Barber on the evening of January 4. A good time was enjoyed by all.

We are again enjoying the electric lights after a long absence. Hurrah! for Bill.

Mrs. James Losey and daughter Agnes of Maple Forest were Frederic callers Saturday.

John Parsons was in Grayling Monday.

Geo. Sheldon spent Sunday with his family.

Mrs. Henry Leeman spent New Years with her daughter Mrs. Granger of Grayling.

Mrs. Ed. Preston of Lansing is visiting at the home of her parents Mr. and Mrs. Charles Craven.

VICE PRES. DAVES TALKS TO SENATE PAGES

Advice Given Good For All Young Boys.

Dispensing with some of the homely philosophy for which he is famous, Vice President Daves, at a luncheon given for the Senate pages said the following:

"Be clean, be yourself, stand against the crowd," he urged. "There is no man who is worth the powder and shot to blow him up who does not set himself against the crowd, especially in his younger life. It is the fellow that runs after the crowd and smokes and drinks and dissipates that does not amount to anything."

"Keep Your Eyes Ahead."
"Never mind how many fellows are behind you. Always keep your eyes on the fellows that are ahead of you. Compare yourself with them, compare yourself with the runners at the head of the race and then you will keep humble. Another way to keep humble and get a reputation for modesty is to tell the truth about yourself. Anybody can get a reputation for modesty in that way. I have not got it. Don't wear a pasteboard front."

THEIR NAME WAS LEGION!
by Courtney Ryley Cooper

THE irresistible story of an ex-service man and his pals of the American Legion who were called upon to preserve peace and uphold law in a wild, over-populated oil town in the West. Very thrilling in some of its characteristics and very pleasing in the fine love story which runs through it. Mr. Cooper has caught the romance and atmosphere of an oil boom. The story will compare favorably with his vivid tales of the mining camps and with his other specialty, circus stories.

Striking Painting of "Century" On New York Central Calendar

ONE of the most striking and impressive train pictures ever painted, is the feature of the 1926 Art Calendar now being distributed nationally by the New York Central Lines, bearing the artist's title "A National Institution."

The painting shows the Twentieth Century Limited, the fastest long distance train in the world, speeding southward along the east bank of the Hudson River, beneath the steel viaduct approach to the "Alfred H. Smith Memorial Bridge" across the Hudson River ten miles south of Albany, N. Y., a part of the \$25,000,000 "Castleton Cut-Off" improvement, which includes also twenty-eight miles of connecting double-track railroad and large new freight classification yards.

The painting, which is by Walter L. Greene, upon exhibition won high praise for its illustration of thrilling speed and the impressive sense of the power and majesty of locomotive and train conveyed.

The reproduction on the calendar is in five colors surrounded by a border semblance of a mahogany and gold frame. Like the train paintings issued in preceding years, it is adaptable to framing and permanent preservation. The railroad's distribution of the picture includes all newspapers, hotels, banks, large industrial and mercantile establishments, commercial and civic organizations, public officials and other individuals and agencies having to do directly with transportation.

The Twentieth Century Limited, running daily in twenty hours between New York and Chicago in preceding years, it is scheduled, on June 15th, 1926, will complete its twenty-fourth year of continuous service. It transports more passengers each year than all the ocean liners plying between Europe and America carry in their first cabins. Each section of the Century represents an investment in locomotive and car equipment of approximately \$575,000.

Newport Society Woman

Dies From Auto Injuries

Detroit, Mich.—Mrs. Robert Grosvenor of New York and Newport, the former Miss Aertelle Frost of Chicago, died at Grose Pointe, a suburb of Detroit, of injuries suffered in an automobile accident.

Mrs. Grosvenor, thirty-one, was a widow. She had been visiting a sister, Mrs. Joseph H. Fraser of Grose Pointe. A brother, Albert G. Frost, Jr., also was injured when their automobile skidded and turned over.

Mrs. Grosvenor was married in May, 1918. She was the daughter of Albert C. Frost, Chicago capitalist.

In 1922 Mrs. Grosvenor suffered a critical injury of the spine when she was thrown from a runaway horse at Newport.

Pure Milk Law Is Passed

by Chicago City Council

Chicago.—The city council passed by a unanimous vote the ordinance designed to insure tuberculosis-free milk to Chicago by requiring that every farmer who ships milk to the city must have a certificate from a county or federal veterinarian certifying the condition of his herd.

The ordinance becomes effective April 1.

Dr. J. J. Lintner, federal inspector in charge of tuberculosis eradication among cattle in Illinois, ordered his agents to discontinue work. His action, he explained, was a result of the notice by the state it would no longer be obligated financially for the tests.

Grain Prices Soar on

Federal Crop Figures

Chicago.—A sensational advance in grain prices was recorded on the Chicago Board of Trade as a result of the publication of one of the most significant reports ever issued by the United States Department of Agriculture.

The report, which was unexpectedly pessimistic, predicted a wheat crop of 944,000,000 bushels, barely enough for domestic requirements and almost 200,000,000 bushels short of last year's crop. It caused a frantic scramble by shorts to cover and as a result wheat prices opened 2 1/2 to 3 1/2 cents higher, with December wheat showing the greatest gain. Corn opened 2 1/2 to 4 1/2 cents higher.

Dry Chief Warns Against

Cost in Getting Evidence

Washington.—Assistant Secretary Andrews of the Treasury department warned prohibition agents against "unwise and unjustified" expenditure of money in obtaining evidence against prohibition law violators. The letter grew out of the recent banquet given at the Mayflower hotel in Washington with the object of trapping a waiter. Such incidents will lead to dismissal of the agents involved, Mr. Andrews said. He added that under cover investigations were perhaps the best means of obtaining evidence, but government cases were jeopardized by slushy methods of obtaining evidence.

\$1,744,000 to Ford Employees

Detroit, Mich.—The Ford Motor company announced that \$1,744,000 would be distributed next month to 26,001 holders of Ford employee investment certificates, making 10 per cent profit on the certificates for the year.

New York.—Suydam Cutting, first of the members of the Roosevelt hunting expedition in central Asia to return, reached New York.

"The Mollusc," a Remarkable Play

Popular Three-Act Comedy to Be Given Here on Interstate Lyceum Course—Professional Cast.

Scenes From

"The Mollusc"

"The Mollusc," which is to be presented here on the local Lyceum, is a remarkable play. It is a three-act comedy of English domestic life.

Mr. Hubert Henry Davies, the author, went to the animal kingdom to get a name for his comedy, and a definition of the besetting weakness of the principal character in it, Mrs. Baxter. In the mollusc he found an animal of kindred nature, hence "The Mollusc," which sets forth in comical situations that the indolence of the idle rich becomes a disease of such a character that they use force to resist the effects of friendly efforts to cure them.

Mrs. Baxter is a human mollusc—that's what her brother calls her. Young, beautiful, healthy, pampered, indolent, but withal she is the idol of her family and a source of worry to her husband. Her adoring brother, Tom Kemp, sets himself the task of curing his sister, and, aided by a charming and attractive governess, Miss Roberts, is able to show his sister the weak points in her character so that in a woman's way she restores love and order in a house about to fall.

"The Mollusc" enjoys the distinction of having been presented by four of America's most distinguished actors, Mr. Kyle Bellow, Mr. William Faversham, Miss Maxine Elliott, and Mr. George Arliss, and Sir Charles Wyndham of England.

There are two hours of laughter in the play, but behind each laugh there is an idea, and in each of it all there's a worthy moral.

The present cast of "The Mollusc" is made up of the best class of professional theatrical people thoroughly in line with Lyceum ideals.

County Agricultural Agents of Northern Michigan are to assemble in Petoskey next Friday where information as to the conduct of the work will be given by speakers from the State and Federal departments. Mr. Bailey will leave today to be in attendance.

Sheriff Bohemeyer has extended the time for securing of auto licenses to January 15th. Plates may be obtained at the office of the County treasurer. This should give ample time for everyone desiring to operate their cars to secure their auto license. Knowing that when Mr. Bohemeyer says that January 15th will be the latest date that autos may operate in town without a license, it will be a safe bet that anyone not complying will be pretty sure to get into trouble.

Another week has passed and we still are without day electric service. It does seem to take a long time to get that transformer. Another week of this condition and we will be ready to go on a spree, which is ordinarily against our principles, too. We have a d— good notion to buy back our gas engine, if Charley will let us have it. At least we were able to operate our Linotype and presses when that was on the job. Now, it is just what 'till 2:00 p. m., and today it is worse, nearly 4 and still no power. Well—

By a unanimous vote of the Board of Supervisors, it is now a session at the Court house, appropriation was made to continue the salary of a county agricultural agent and Mr. R. D. Bailey, who in the past has conducted the duties of agent, was re-engaged. The salary in the past for that position was \$1,800 per year in Crawford county, which is the smallest salary any county agent in the state was being paid. \$1,200 of this expense has been paid by the Federal and State departments, and in order to further aid in the support of this work, an increase in appropriation of \$600.00 has been made to those counties that have been unable to pay better salaries. A special committee from the Board was appointed to wait upon Mr. Bailey with the object of having him accept less from the county accordingly. Mr. Bailey presented but the conference ended by his accepting a \$300 decrease in salary for the present year. The County now pays \$300 toward the salary of the agricultural agent together with \$600 which is allowed for expenses. Quite a large delegation representing the Grayling Board of Trade, the two Women's clubs and a large number of farmers waited upon the Board Tuesday morning to present their views as to why the services of a county agent should be employed and also to endorse the work that has been done by Mr. Bailey and ask re-appointment. It was a peppy meeting and the visitors were strong for the continuation of the work and for the retention of Mr. Bailey.

DEATH OF YOUTH SAD

The sad news was received by the James Reynolds family on Saturday morning of the death of Charles Daugherty, 14 year old son of Mrs. Minnie Daugherty, that occurred in Bay City that morning at five o'clock, after an illness of about three months.

The youth, who had resided with his grandparents, Mr. and Mrs. Charles Daugherty of Augres began ailing the latter part of September and came to Grayling to remain for a time to endeavor to overcome his illness that seemed to be nerve trouble. He finally returned to Augres, where he gradually became worse, and two weeks ago was taken to Bay City to consult physicians, who pronounced his illness "sleeping sickness."

Charles was a promising young boy and stood high in his studies at school. He was held in high esteem by his school mates and friends; was dearly loved by the members of his family, over whom his untimely demise has cast a gloom of sorrow.

He is survived by his mother and one brother, Ellis. Everett Daugherty, father of the young lad, died in 1918 from influenza, during the epidemic of that disease that was so prevalent at that time. Since that time he made his home with his grandparents.

The funeral was held this morning, with services at St. Mary's church, Augres, where Charles was a faithful member. Mrs. James Reynolds, Sr., and son James left to be in attendance at the funeral.

Buick motor cars are designed to run efficiently in every temperature, and under every climatic condition. Only a small percentage of the million and more Buicks have the opportunity to go to California or Florida for the winter.

Buicks start quickly, even at zero. The new, high-speed starting motor accomplishes this most desirable result.

Runs smoothly

Buick Automatic Heat Control reduces another cold-weather starting annoyance—that of bucking, spitting, misfiring engines. This exclusive Buick feature heats the fuel supply, and saves gasoline, automatically and immediately.

Stops safely

In rain, snow or sleet Buick mechanical 4-wheel brakes stop the car firmly, in a straight line. Neither heat nor cold affects the direct mechanical action of these brakes. There is no liquid in them to expand, contract or leak away.

She was a graduate of Alma college, and after teaching for a time in the country schools of Tuscola county, taught for eleven years in Pinconning, going from there to Saginaw, where she remained for two years. From there she went to Bay City, where she taught in the Corbin and Park schools the last 36 years of her career. During that time she was principal of the Corbin school for 14 years. STOP! LOOK! LISTEN!

Frederic, Mich. Jan. 4, 1926.

To the Crawford Avalanche. Frederic High School Auditorium will be so crowded with people Saturday evening Jan. 9 that perches will have to be erected in the upper part of the building for the children to roost on in order to make room for the men and women. All come out and see for yourselves if we are not telling the absolute truth in regard to this matter.

"The Mollusc" is one of the best comedies that was ever rendered in Northern Michigan and is well worthy of the support of every individual in Frederic and in surrounding towns that can possibly avail themselves of the opportunity.

The superintendent of the Frederic High school spent considerable time in advertising, with a great expense of shoe leather, for the last number on the lecture course but we feel that many who received notice of this attraction made themselves conspicuous by their absence. We are neither jawing or scolding but we do feel that the proposition of money passing from one town to another should be mutual.

If we acknowledge that the play wasn't good for anything it would be worth the price of admission to have the opportunity of seeing the nice looking girls that Frederic produces, for one whole evening.

Now let's not argue in regard to the matter but come and receive the hearty welcome which Frederic always so cheerfully extends.

Enuf said. I'm cummin.
